Carriage of Dangerous Goods Explained: Guidance for Operators, Drivers and Others Involved in the Carriage of Explosives by Road Pt. 4 (Guidance Booklets)

by Health and Safety Executive (HSE)

The guide is designed to help those involved in the transportation of dangerous goods, particularly in the context of road transport. It covers important regulations and guidelines, such as those provided by the European Commission and the Health and Safety Executive (HSE). The guide also addresses the carriage of explosives and radioactive materials, providing comprehensive information on the legal and safety requirements involved.
